Additional Changes

Use of a chair or chairs. The number of chairs remains consistent (1 for solo; 2 for duo/duet; 6 for group). We added the word "safely" with the use of chairs. The goal is to avoid any situations where chairs are used that could pose a safety concern for the actor or the audience.

There was no language in the 2017-18 guideline with the word "safely".

Plagiarism. Added the following language to all technical NIEs events: *Originality of ideas/designs are paramount to the educational value of the NIEs program. All designs, logos, etc. should be original material. If non-original material is used, sources must be cited, and receipt of purchased material (when applicable) must be included in the presentation, or the NIEs will be disqualified.*

There was no language in the 2017-18 guideline with respect to plagiarism.

Technical NIEs events - use of electronic presentation sources. Added the following language to all technical NIEs events: *Students may use electronic sources (audio, video, PowerPoint, etc.) in their NIEs presentation; however, no projection equipment will be provided.*

There was no language in the 2017-18 guideline with respect to use of A/V in technical NIEs presentations.

Scoring. Change in policy to begin to round up scores for all NIEs events: *Average scores will be rounded up to the nearest whole number; for example, an average of the three judges' scores of 17.5 will now round to 18. A 17.4 will not round up to 18.*

The 2017-18 language was: "For an entrant's overall rating, average the three adjudicators' totaled numeric scores."
There was no language with respect to final tabulation and rounding.

Role Gender. Added the following language to all performance NIEs events: *Students may play a role of any gender regardless of the gender with which they identify. It is important to note that all copyright rules are to be enforced; for example, the student cannot change pronouns without the express, written consent from the publisher.*

There was no language in the 2017-18 guideline with respect to gender identity.

#9. Multi-Troupe NIEs. Added the following language to all NIEs events: *Students from two or more troupes are allowed to collaborate on a single NIEs under the following condition: Troupe directors must check with the other director(s) to make sure they have no concerns with the piece or the students being used. If any of the troupe directors want administrative approval, all troupe directors must agree to have their administrator sign. The "NIEs Multi-Troupe Registration Form" will have an optional space for administrative approval. The completed form is to be forwarded to the "lead" troupe director who has registered the multi-troupe NIEs. This form will have to be received nationally by May 1 for ITF. The due date for the chapters will vary.*
